Dear Mr. Pincomb:

After careful review, we have decided that your registration with the Boy Scouts of America be suspended. We are therefore compelled to request that you sever any relations you may have with the Boy Scouts of America.

You should understand that BSA membership registration is a privilege and is not automatically granted to everyone who applies. We reserve the right to suspend registration whenever there is a concern that an individual may not measure up to the high standards of membership the BSA seeks to provide for American youth.

If you wish to have this decision reviewed, please write to me within 60 days of the date of this letter, explaining your version of the facts supporting your claim that your registration as a BSA member should be reinstated. The procedures for review are attached.

Sincerely,

Danny Gaydou

APPENDIX D

APPLICANT PROCEDURE FOR REQUESTING REVIEW OF DECISION WHICH DENIES REGISTRATION

1. If registration is refused, the applicant may request a review of this decision. This request must be in the form of a written report from the individual which includes his or her version of the facts supporting the claim that registration should not have been denied.
2. Upon receipt of the request for review in proper form, the president of the local council shall appoint a committee to review the situation.
3. The appointed committee should review the facts as presented, and, in addition, may interview any persons whose testimony might assist the committee in discovering the truth and arriving at a correct decision.
4. A confidential report will be given to the applicant setting forth the decision of the committee.
5. The applicant may—if he or she does not agree with the decision—request a review from the regional service center.
6. If the regional review does not satisfy the applicant, he or she may ask for further review by the National Council. The decision of the review by the National Council is final.
